Christina Pawlosky introduces GroomerWorks Educational DVD Series – Poodle Grooming Now Available!

Westlake, OH January 7, 2008 – Christina Pawlosky is pleased to introduce her new **GroomerWorks Educational DVD Series** that has been designed to help you improve your dog grooming skills and help you become a better dog stylist.

Certified Master Groomer, Christina Pawlosky has earned a reputation for being on of America's top grooming professionals. It has been my dream to share with others the tips, techniques and advice that I have learned over my 20 years of professional dog grooming. To be a complete dog stylist you must know how to make all dog breeds beautiful and enhance the appearance of each dog. Professional dog groomers must undergo training and ongoing education in order to continue to improve their artistic skill. The GroomerWorks Educational DVD Series is meant to be a source of the essentials of grooming and a convenient reference guide.

GroomerWorks focuses on breeds that require grooming the most frequently – **Poodles**, Bichon Frise, Terriers, and Spaniels. The Poodle remains the gold standard of grooming and one of the most popular breeds in America. For this reason, GroomerWorks is pleased to present the Poodle as the first DVD in the GroomerWorks Educational DVD Series.

Cherrybrook has been dedicated to bringing you the newest and most innovative dog show grooming and pet supply products, as well as the ones you've come to know and love. Cherrybrook is please to make Christina Pawlosky's **GroomerWorks Educational DVD Series** available to its customers.
